Karolis Račas

Front-End Developer

Hi! For the past four years I was working as freelance graphic designer, mainly adapting movie posters for local region, making web banners for cinemas and movie events. In 2018 I found new interest in Front-End web development, and continually improve my HTML, CSS, Javascript skills. This year I want to master React!

WORK EXPERIENCE

Internship/ Sourcery Academy for Front-End Devbridge

10/2019 – 01/2020

Achievements/Tasks

- During academy improved my skills with HTML (semantic), SCSS, Git, JS, SVG animations. Learned new technologies and methodologies: BEM, Accessibility standards, Agile, Webpack.
